PREFACE.

The late Mr. James Campion, who died at 120, Nightingale Lane, Wandsworth Common, on 25th January last, although little known in numismatic circles, had been for forty years a keen collector of coins and medals, chiefly in connection with Biblical History, the Reformation and Church History. He had been a constant purchaser at auction sales here and on the Continent. A member of the Clapham Antiquarian Society, his interests lay, however, chiefly in Church work, while he generously supported missions in this country and abroad.

The Collection, which the present Catalogue describes, is now to be offered for sale. Although prescribed within a limited circle, it is universal in range and specialists in any given series will find some desiderata in the Campion cabinet.

A glance through the Plates will give an idea of the scope of the collection. The most important series in the classical coins consists of the Palestinian issues of the Jews and Roman types connected with the conquest of Judæa.

The British series is well represented, chiefly in historical coins and medals.

The medals of the Reformation, German, Dutch, French and Swiss; those of Gustavus Adolphus of Sweden, his minister Oxenstierna and others; the Generals Wallenstein, Tilly, etc., form an important portion of the Collection.

It is a matter of regret that such an assemblage of coins and medals, formed with the view of illustrating Church History, could not have been acquired en bloc by some Church Institution, but has to be dispersed under the hammer.

PRICED CATALOGUES.

*A***FTER** each sale these catalogues are issued with the prices realised printed in the margin opposite each lot, thus giving at a glance a reliable guide to values.

The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading.

On the average we issue twelve Coin and Medal catalogues a year, some of which are usually of sales of important collections. The **priced catalogues** are posted to subscribers as soon as ready, usually about a week after the date of sale and the subscription is

ONE GUINEA per annum.
